

# Weighing funnel

Clean and Easy Solid Sample Transfer

VISION

**New Product**

Spout for easy and precise filling of measuring flasks and test tubes.

Residual samples can be easily rinsed off, enabling complete (100%) sample transfer. The stable base design allows secure placement on laboratory balances, preventing rolling and eliminating the risk of spills. A specially engineered pouring spout enables precise, controlled, and spill-free transfer into volumetric flasks, microtubes, and other narrow-neck laboratory vessels. Ideal for the safe handling of hazardous substances.

- Anti-static PP
- Disposable
- Autoclavable

Sits safely and flush on the balance

Art. No.	Size	Stem O.D. (mm)	Volume
